

Family Values

Our Christian Value of the month is...

Endurance

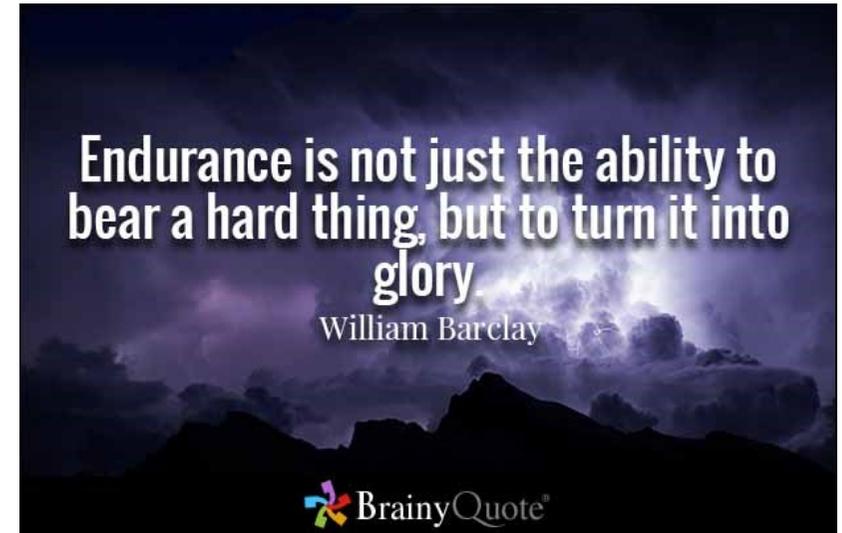

The Bible teaches that:

Romans 5:3-4

“but we rejoice in our sufferings, knowing that suffering produces endurance, and endurance produces character and character produces hope.”

“Come what may, all bad fortune is to be conquered by endurance”
Virgil

Endurance is the ability or strength to continue when things are difficult. There are many times when we will need to endure hardships, frustrations and challenges. It is important that we build up our ability to endure whatever challenges we encounter. It is easier to do this if we work as a team and support each other, whilst also developing the independence to try new things and to have confidence in our own abilities. Look back over this academic year so far...When do you think you have had to show the most endurance, how did you feel at the time and how do you feel about it now? What challenges lie ahead for the rest of the year, how do you propose to tackle them?

“Endurance is patience concentrated.” Thomas Carlyle

Family Values Activity

Try something new over half term. Pick something tricky that will challenge you at the beginning but by the end of the week, if you persevere and endure the difficulties, you can master it. You could link to family fun fitness and try a sporty challenge. I am going to try and use my sewing machine for the first time and make some bunting for my little niece who is going to be born in April. I am not usually very practical but I will let you know how I get on.

(perhaps if I succeed I can make some bunting for school too!!)

Bring in a photo or example of what you have achieved to earn your 10 House Points.

Best wishes, Miss Finney
