11th December 2018

Dear Parents,

As part of this term's Science topic, on Tuesday 22nd January 2019, Teme Class will be visiting the Waterworks Museum in Hereford, where we will be learning about the water cycle, pond dipping, filtering and the importance of water efficiency. We will also have a tour of the Waterworks Museum which I am sure will be most interesting. The coach will leave school at 9:30 am and will return at approximately 3:00 pm.

The day should prove to be good fun and very interesting, in addition to complementing our topic. The children will need to wear outdoor waterproof clothing and suitable outdoor footwear. They will also need a packed lunch (no sweets, glass bottles or fizzy drinks please).

As part of the museum's field trip arrangements, they have a 'zero waste policy' which we would like to support. They have asked that pupils bring a lunch so that there will be the least amount of rubbish left over as possible. They recommend bringing reusable eating utensils, putting food in reusable plastic containers and using reusable bottles for juice or water. The centre have had problems with wildlife attacking their bins and scattering rubbish across the site and therefore now have a bin free site, so any rubbish your child may have will need to be sent home with them.

If your child suffers from travel sickness please can you ensure they have taken their medication before travelling and have medication for the return journey. Please give this to me in a named envelope.

The cost of the trip will be £6.60 per child. This can be paid via your ParentPay account.

Yours sincerely

Miss Glover
