

## Physical Education at Mordiford C of E Primary School

<i>What PE looks like at our school?</i>	This is our philosophy:	This is what we plan to do:
<ul style="list-style-type: none"> <li>● Clear objectives set at the beginning of each lesson</li> <li>● Differentiated tasks which allow children to progress through their pace</li> <li>● Opportunities to self-evaluate and learn from others through a variety of ways</li> <li>● Mini plenaries held to share misconceptions and further ways to develop</li> <li>● Children are physically active for sustained periods of time</li> <li>● Good participation levels in a range of extra-curricular sports</li> </ul>	<ul style="list-style-type: none"> <li>● Engage all children within each lesson</li> <li>● To promote a healthy and active lifestyle</li> <li>● To offer children opportunities to lead, officiate and participate in a wide variety of sports and activities</li> <li>● To inspire children to succeed and excel in competitive sport</li> </ul>	<ul style="list-style-type: none"> <li>● Plan for every lesson, using appropriate, yet challenging objectives</li> <li>● Raise the profile of PE throughout the school with wake and shake, young leaders and after school clubs</li> <li>● Intra house competitions at the end of each term</li> <li>● Assess at regular intervals to ensure children's progression</li> <li>● Regular staff CPD opportunities</li> <li>● Ensure that children are given a wide range of sports and physical activities to participate in</li> </ul>
This is what you might see:	This is how we know our children are doing well:	This is the impact of our curriculum:

- Happy and engaged learners
- Great sportsmanship
- Regular opportunities to work as a group
- Children reflecting upon their performance and discussing ways in how to improve
- Use of technology and theory within lessons
- Children to be physically active for sustained periods of time

- Photograph and video evidence from the beginning and end of each unit of work
- Observations of children's performance and how they communicate with their peers
- Progression of skills
- Children have an enthusiasm towards PE
- Children are inspired to participate in out of school sports clubs and teams

- Children are able to apply and develop a broad range of skills, learning how to apply them in different ways
- Confident children who can talk about the importance of a healthy and active lifestyle
- Stronger understanding of personal development and goal setting
- Inquisitive learners
- An increased level of fitness and a greater understanding of eating healthy
