

Wye Class Trip—Stone Age Study

First, we got on the coach, it was a long journey but to make it fun the bus driver played music. Next, we got off the bus and met our instructor Ben. We talked about how stone age people lived. Then, we built a shape frame and put (pretend) woolly mammoth skin over it. After that, we hunted a woolly mammoth (Mrs Hodson) and ate it—it was scrumptious. Then, we built dens because there was a big storm coming (just pretend). After we went back inside to do wonderful, unique cave paintings. A few minutes later we had lunch. Then we went back in time to the neolithic period to weave fences, make fires, grind wheat and barley and make fishing nets. We also collected berries on laminate cards and hunted for the wooden animal statues.

We had an amazing day learning all about how stone age people survived in Britain.

Working Party and Family Gardening Day

We had a very successful day on Saturday. There have been hedge plants and trees planted around the perimeter of the field, the veggie beds have had a total make-over, the PTFA shed has been sorted and the drains on the playground have been cleaned out. A huge thanks to everyone who gave up their Saturday to help out. Special thanks to the Parish council team who did the lion's share of the hedging.
